## Spontaneous Application

---

We are always looking for talent to join our dynamic, skilled, and committed team. If you are passionate, share our values and enjoy taking on challenges, don't hesitate to send us your spontaneous application and apply for Maestro's various opportunities.

### **SOFTWARE SPECIALIST :**

Remotely accompany Maestro customers in using and solving various issues related to our ERP's project management, financials, payroll, etc. solutions.

### **IMPLEMENTATION SPECIALIST :**

Analyze the customers' business plan, implement and configure our **maestro\*** software solution and provide the appropriate user training.

### **WEB DEVELOPER :**

Analyze and develop the web/mobile application that is part of our integrated management software suite.

### **QUALITY CONTROL ANALYST:**

Create and conduct functional or technical tests on the company's ERP software.

### **SYSTEM ANALYST:**

Analyze the internal and external clientele's needs, then provide a functional solution that will meet those needs while taking into consideration the product's architecture.

### **SQL DATABASE SPECIALIST:**

Analyze the current database's structure (notably on the reporting level – SSRS) and produce data sets that can be used with applications and reports, which will benefit customers by providing them with additional reports and BI tools.

### **ACCOUNT MANAGER:**

Identify and develop business opportunities to achieve the company's sales objectives. Find and implement innovative solutions while demonstrating strong prospecting and new customers signing abilities.

### **And much more!**

Send us your resume. After analysis, we will contact you if an opportunity presents itself. Otherwise, we will keep your application on file for future reference.

All applications are analyzed!  
Hope to hear from you soon!
